**A DANCE PERFORMANCE FOR THE VERY YOUNG**

Choreography **Tali Rázga** Live music **Søren Dahl Jeppesen**

# SNOWEYES

**A dance performance for children under the age of four**

Imagine yourself waking up one morning to a landscape covered in a blanket of snow. The world is new, fresh and pure. Everything appears different and the ambience is one of secret poetry. You look on the world from a different perspective; that of one with SnowEyes.

SnowEyes explores the world from a child's perspective. Children under four absorb things and have an unbiased approach to the world. In the performance we share a child's amazement and wonder at the first experience with snow.
